

REGISTRATIONS

The Doctors welcome new patients who live within our practice area. Please check with reception to see if your address falls within our catchment area. You are asked to bring proof of address, your NHS number and photo ID. These documents are not mandatory requirements and you will not be refused registration if you cannot produce them.

Your registration status with us will depend on whether you are a visitor, staying temporarily in the area or are a permanent resident.

As it often takes sometime for records to be forwarded from your former practice all newly registered patients will be asked to complete a health questionnaire

Identification

AND
